

Trauma Care Network

Critical Incident Stress Management (CISM)

Level 1 – Day 1		
Welcome and Introductory Remarks		
Section 1	Stress	11
1.1	Types of Stress	11
1.2	Critical Incident Stress Versus General Stress	13
1.3	The Biophysical Aspect of Critical Incident Stress	13
1.4	Post Incident Triggers	14
1.5	A Stress Comparison	14
1.6	Levels of Stress Tolerance	17
Section 2	Crisis Management Terminology	19
2.1	Critical Incident	19
2.2	Crisis	19
2.3	Trauma	20
2.4	Crisis Intervention / Management	20
2.5	Natural Crisis Management	21
2.6	Intervener	21
Section 3	Critical Incident Stress (CIS) Reaction	22
3.1	Types of Reactions	22
3.2	Events Likely to Cause CIS Reactions	24
3.3	Cultural Diversity	24
Section 4	Trauma and Loss	27
4.1	Feelings Associated With A Traumatic Loss	27
4.2	Feelings and Symptoms Which May Be Present When Dealing With Traumatic Loss	27
4.3	Symptom Presentation	29
4.4	Post-Traumatic Stress Disorder (PTSD)	30
Section 5	CISM: An Overview of Core Interventions	32
5.1	Defusing	33
5.2	Demobilization	34
5.3	Psychological Debriefing	34
5.4	Educational Debriefing	35
5.5	Cumulative Stress Debriefing	35
5.6	Information Session	36
5.7	Other Types of Interventions	36
5.8	Core CISM Interventions	38
5.9	Key Interventions Concepts	39
5.10	Mandatory Versus Voluntary Participation	42
5.11	The Making of an Excellent Intervener	43

Level 1 – Day 2		
Section 6	Debriefing Demonstration	46
Section 7	Defusing / Demobilization / Debriefing: The Process	47
7.1	The Trauma Response Process	47
7.2	Individual Defusing	54
7.3	Group Defusing	58
7.4	Demobilization	61
7.5	Psychological Debriefing	63
7.6	Cumulative Stress Debriefing	69
Section 8	Why Does CISM Work?	73
8.1	Crisis Intervention Techniques are Effective	73
8.2	Barriers to an Effective Intervention	76
Section 9	Peer Support Programs	77
9.1	Peer Support Program	77
9.2	Peer Supporter	77
9.3	Role of a Peer Supporter	77
9.4	The Top Ten Supportive Listening Behaviours	78
9.5	Ethical Considerations for Peer Supporters	79
Section 10	Summary and Wrap Up	81
	Question	
	Feedback	
Appendix A	Resources and Recommended Reading	95
	Certification Inscription	97
	Course Evaluation	99
	Practice Credits Discussion *	

Trauma Care Network

Critical Incident Stress Management (CISM)

Level 2 – Day 1		
Welcome and Introductory Remarks		
Section 11	CISM Review	
11.1	Core CISM Components	
11.2	Most Common Difficulties in CISM Interventions	
Section 12	Difficult Interventions	
12.1	The “Big Five”	
12.2	“Big Five” Trauma Response Process	
12.3	Multiple Event Debriefing	
12.4	Significantly Delayed Intervention	
12.5	Co-worker Suicide	
12.6	Line-of-Duty Death	
12.7	Disaster / Multi Casualty Incident	
Section 13	Post-Traumatic Stress Disorder	
13.1	DSM-IV-TR Criteria for PTSD	
13.2	Early Warning Signs of PTSD	
13.3	Rationale for CISM in Preventing PTSD	
Section 14	Impact of a Critical Incident	
14.1	Factor Affecting the Severity of a Reaction to a Critical Incident	
14.2	Impact of a Critical Incident	
14.3	Assessing the Need for Response	
Section 15	Potential Intervention Obstacles	
15.1	Member of the Group Does Not Want To Be There	
15.2	Member of The Group Does Not Want to Speak	
15.3	Member of the Group Dominates	
15.4	Judgmental Participants	
15.5	Hidden Agenda	
15.6	Participant in Severely Acute State of Function	
15.7	Disclosure / Discussion of a Previous Traumatic Event	
Section 16	Critical Incident Stress Interventions	
16.1	Benefits of CIS Interventions	
16.2	The Role of a Post Intervention Follow up	

Trauma Care Network

Critical Incident Stress Management (CISM)

Level 2 – Day2		
Section 17	CISM And Children	
17.1	Common Reactions	
17.2	Key Intervention Concepts for Working With Children	
17.3	Trauma Response Process for Children’s Interventions	
Section 18	Group Simulation	
Section 19	Self –Care Action Plan: Debriefing the Debriefee	
19.1	Vicarious Traumatization And Compassion Fatigue	
19.2	Signs and Symptoms	
19.3	Contributing Factors to Compassion Fatigue	
19.4	Contributing Factors to Vicarious Traumatization	
19.5	Addressing Compassion Fatigue And Vicarious Traumatization: Individual Coping Strategies for Caregivers	
Section 20	Summary and Wrap-up	
	Questions	
	Feedback	
Appendix A	Resources and Recommended Reading	87
	Certificate Inscription	89
	Course Evaluation	95
	Practice Credits Discussion*	

Trauma Care Network: CISM Level 1 and Level 2 training qualifies as credit towards the Association of Traumatic Stress Specialists (ATSS) requirements for individuals seeking certification as a Certified Trauma Responder (CTR), Certified Trauma Specialist (CTS) and/or Certified Trauma Services Specialist (CTSS) designation. Visit <http://www.atss.info/index.html> for further information.
